

Abhishek Mahato

Frontend Developer

✉ mahatoabhishek123@gmail.com ☎ +91 7098822766 🌐 LinkedIn 🏠 Github 📍 Gurugram, Haryana

PROFESSIONAL SUMMARY

Front-end developer with **3+ years of experience** specializing in building responsive and engaging web applications. Proficient in **JavaScript, HTML, and CSS**, with a deep understanding of front-end frameworks such as **React, Angular, and Next.js**. Skilled in translating design mock-ups and wireframes into **clean and efficient code**. Passionate about staying **updated with the latest technologies** and best practices in frontend development. Seeking to leverage skills and expertise to drive innovation and user experience in a dynamic development environment.

PROFESSIONAL EXPERIENCE

Shiprocket | Software Engineer

02/2022 – present | Gurugram, India

• Wigzo (by Shiprocket):

- Wigzo Dashboard (Angular JS):

- I worked on **2 major features**, improving app performance and reducing churn rate by **20%**.
- I'm currently involved in migration of the Wigzo app from **AngularJS** to **Angular 16**.

- CARE (React JS):

- Led a **chat bot** project allowing clients to resolve **customer queries** on various platforms (whatsapp, Instagram).
- Built the complete app from scratch, including **login/signup, dashboard, real-time chat feature, and settings page**, in a period of **3 months**.

• Pickrr (by Shiprocket):

- Revamped the entire **Login/Signup** feature for the web app using **React Js**.
- I developed the **Reverse QC feature** and also had the opportunity to **create CRUD APIs** in **NodeJs** for this specialized service, which resulted in a **21%** increase in revenue.
- I contributed to the Fastrr Checkout website (now Boost) in **Next.js**, improving **performance and SEO**, which resulted in a **60%** increase in customer engagement.
- Delivered the **new Fastrr dashboard** within a **short deadline of 2 weeks**, generating **revenue of 60 lakhs** within few months.
- Worked on a **new KYC** feature for new clients, increasing the new onboarding rate by **10%** by simplifying document upload instead of filling lengthy forms.
- Contributed to various **features releases** and **UI changes** for the **Pickrr android & web app** using **React Native** and **React JS**.
- Participated in **code reviews** for interns and fellow software engineers.

TECHNICAL SKILLS

- | | | | |
|--------------|----------|-----------|--------------|
| • Reactjs | • NextJs | • Angular | • TypeScript |
| • JavaScript | • NodeJs | • HTML | • CSS |

ACHIEVEMENTS

Hackathon 2023 🏆

(organised by Shiprocket)

- Secured the **second runner-up** position out of **20 teams**.
- Built a **meta-integrated chat application** where clients can view all user interactions on their products on their **Instagram or Facebook page**. This feature allows clients to utilize the data for **generating business opportunities** or **enhancing customer satisfaction**.

EDUCATION

B.TECH, MAKAUT University

Haldia Institute Of Technology, Kolkata (08/2016 - 08/2020)
